THE ELECTION IN PENNSYLVANIA is still in doubt, and the probabilities are that the result will have to be awaited in the official count. We confidently believe, however, that Judge Williams has been elected by a majority approaching fifteen hundred, but a different result is not out of the line of probabilities. We hope for the best; are prepared for the worst.

THE President promised a speech last night. The returns from Pennsylvania were brightening for Williams, and the speech was wisely postponed—we hope indefinitely.

OHIO has elected Hays as Governor by a majority approximating thirty-five hundred. The Legislature is probably Democratic.

IOWA has certainly gone Republican, but like Ohio and Pennsylvania, there has been a sad falling off in the majority.

WE FEEL that our readers will appreciate the change of type we have made in the telegraph, news and local departments of the GAZETTE, as it will be found much larger, clearer and more distinct than that previously used. Our object is to present our paper in such style as may prove creditable to our great and growing city abroad, and at the same time to render it attractive at home. Our earnest efforts to furnish such a journal have been generously seconded by our business men and reading public, and we trust in the future to receive even greater encouragement, so that we may be enabled to still further improve, in all its departments, the oldest daily west of the mountains.

THE New York *Herald* takes the proper view of the recent elections when it says that "they do not denote Democratic victories, but that the Republican element of the country has stepped aside to rebuke its leaders." So say we. The masses have grown tired of the inert policy of those who are by circumstances placed in position as the pioneers of the party. They hold to the party with a tenacity creditable to their patience, and were loth to sever their connection with it till the last vestige of hope for the accomplishment of any vigorous action was gone. But the party leaders will awake to a consciousness of their shortcomings, and 'ere many months roll away the Republicans will be cemented together in the one common band which united them while battling for the perpetuation of our Union. Providence has been kind, showing the party their weakness before the great battle for the Presidency, and let us improve by the lesson vouchsafed the nation.

WILLIAMS PROBABLY ELECTED.

We have reported returns from nearly every county in the State, and in the following tables we have estimated the few counties not yet heard from. The estimate of the Chairman of our State Committee, last evening, was 1,500 majority in the State for WILLIAMS:

TENNESSEE.

Inauguration of Governor Brownlow—His Inaugural.

[By Telegraph to the Pittsburgh Gazette]

NASHVILLE, October 10.—Governor Brownlow was inaugurated this morning. He appeared in the House of Representatives and took the oath of office. The inaugural was read by his private secretary. In it he expresses gratitude for the honor of a second election by a larger majority than was ever given for Governor, but regards it as a triumph of the principles represented in his nomination rather than a personal victory. He paid the highest compliment to the Republican party, the only organization controlled by men up with the advanced ideas of the times, and guarding with zealous eye the preservation of the Union. Tennessee he spoke of as the harbinger of a new dispensation of political affairs in the South. In regard to Northern men settling in the State, he said, "I have witnessed with regret in different localities in the State a disposition to proscribe northern men and drive them from the country. I do not enter into this spirit, nor will I administer the Executive branch of the State Government upon any such principle. If men are good enough to come to Tennessee and encounter the cold and heat, in mud and rain, of ou rclimate, and face rebel bullets in putting down rebellion, they are good enough to fill offices of honor and trust. We want Northern capital, Northern enterprise, &c. To get all this, I, for one, am quite willing to take a fair proportion of Northern politicians; but I yield to no man in my contempt for that class of Northern men who come among us, and for the sake of position and patronage abandon their honest sentiments, and rebel sympathizers. The inaugural concluded as follows: Imploring for your guidance the favor of Almighty God, which is never withheld from lawmakers whose cause is just, shaped solely by the conception He gives them of right and duty. I conclude with a sentiment, which I trust may inspire all our actions, "The Union of the Republiparty for the sake of the Union."

THE STATE ELECTIONS

OHIO ELECTION.

Democratic Governor and Legislature Probably Elected.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, Oct. 10.—This morning's *Commercial* says of the election in Ohio, that something over fifty counties in Ohio have been heard from, and they leave Thurman with a majority of 6,000. The remaining twenty-five or thirty counties, embracing several in the region of the Reserve, will certainly reduce these figures, but whether they will overbalance them, and place the majority on the other side, is a question which seems likely to be decided only by the official returns. The legislature appears to be hopelessly gone. The Democrats gain Senators in the 2d, 3d, 6th, 7th, 12th, 16th, 20th, and probably the 13th districts, giving them a clear majority of one or two, and in the House they have secured a gain of eighteen members, making a majority, with a prospect of some others yet in doubt, which would give them a working balance of from five to ten on joint ballot.

The *Gazette* says: The returns are still incomplete, and the election is very close, but the probability is that the Democrats have carried both houses of the General Assembly. The Governor is in doubt, but with a probability that Thurman is elected.

The *Enquirer* says: We estimate Judge Thurman's majority at 2,160. The Legislature will stand in the Senate seventeen Radicals to nineteen Democrats, and in the House fifty Radicals to fifty-six Democrats, thus giving us a majority of eight on joint ballot.

The New York *World's* special, dated Columbus, (Ohio,) says: We have undoubtedly elected Judge Thurman as Governor, and the entire Democratic State ticket, with a majority in both branches of the Legislature. Hon. S. S. Cox telegraphs to the *World*, saying: The State officials concede that Thurman and the entire Democratic State ticket is elected. The Democrats claim from five to ten thousand majority. The Legislature is probably Democratic in both branches.

LATER NEWS.

THE REPUBLICAN GOVERNOR ELECTED.

COLUMBUS, Oct. 10, 10:45 P. M.—Returns show that Hayes is no doubt elected Governor from 1,000 to 2,000 majority. The Legislature is Democratic by a small majority, Carroll, Hocking and Noble to hear from.

PENNSYLVANIA.

Judge Williams Claimed to be Elected.

[Special Dispatch to Pittsburgh Gazette.]

HARRISBURG, 11 P. M.

A dispatch from Forney's *Press* says that so far Williams has 660 majority, but the democrats here still claim Sharswood by 2,000 majority. The House has fifty-four Republicans.

PHILADELPHIA, Oct. 10.—The Republican State Central Committee figure up a Republican majority of two thousand in the State.

ANOTHER ACCOUNT.

Col. Wallace, Chairman of the Democratic Committee, has received positive information from different counties which indicate a majority for Sharswood of from three to five thousand.

NEW YORK CITY.

Counterfeit 7-30s Discovered.

EXCITEMENT IN THE STOCK MARKET.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, Oct. 10, 1867.

Considerable excitement was caused in the stock market this morning by the announcement that counterfeit 7-30s of the issue of June, 1865, had been discovered. Prices did not, however, fall off much. The discovery was made in Washington by the chief clerk of the Treasury Department, and Mr. Clark, Government printer, arrived this morning, with a detective, who has been endeavoring to ascertain the amount issued and the hands through which the fraudulent notes have passed. Thus far he has discovered one hundred and sixty thousand dollars' worth, and has identified a number of banks and banking houses that either now hold or have recently passed them. The issues are all dated between the twenty-first of September and the fourth of October this year. Many of them are of whiter paper than the genuine. The borders are ruled wider and the star seal slightly larger with larger rays. There is a disposition to regard the excitement as unwarranted by the facts. The counterfeits which have reached this city have been almost entirely from Pittsburgh, Cleveland, Springfield, and a few other Western cities, and in amounts of but one thousand to five thousand at a time.

The *Express* says the notes are the best counterfeit ever issued of government securities, and that the conjecture runs that the whole amount is from one-half to two and a half million dollars. It is rumored that one house here has half a million. The counterfeit bonds are of the series of Seven-thirties, dated June 15th, 1865, of the denomination of one thousand dollars.

The *Commercial* says: As some of the largest dealers in this city have been deceived, it is highly probable dealers in other cities have been swindled by this paper also, and that the amount may reach millions of dollars.

STORING OF OIL AND WHISKY.

The Board of Councilmen to-day passed a resolution directing the Committee on Public Buildings to report an ordinance prohibiting the storing of oils and whisky in this city in amounts beyond quantities such as they shall fix, and also for licensing or otherwise supervising the distillation of whisky within the city limits.

DECISION CONCERNING INFORMERS.

Judge Blatchford, in the United States District Court, to-day decided that in cases of seizures under the Internal Revenue laws, the shares of informers are to be determined by the regulation in force at the time the forfeited property is sold by the Marshal, and cannot be affected by any regulation subsequently made.

DEFAULTING BANK TELLER.

The examination of Arnold, defaulting second teller of the Tradesmen's Bank, commenced to-day.

SPECIE EXPORT.

The export of specie to-day was $175,000.

MARYLAND.

Republican State Convention—Nominations for Governor, &c.

[By Telegraph to the Pittsburgh Gazette.]

BALTIMORE, October 10.—The Republican State Convention met to-day and made the following nominations: Governor—Judge Hugh L. Bond; Attorney General—H. H. Goldsborough, of Talbot; Comptroller—F. Schly, of Frederick county.

The following resolutions were adopted:

1st. That the Republican party in Maryland adhere firmly to the principles of manhood suffrage, universal and uniform education, and payment of the national debt, and pledge themselves to fight it out on this line.

The second resolution advocates public education for all children of the State and the maintenance of the present school system of the State, with no changes, except to increase its usefulness and promote economy.

The third resolution favors the repeal of the present militia law.

A resolution was adopted, by sixty-four to seventeen, recommending the nomination of Gen. Grant for the Presidency by the Republicans.

The Democrats are now firing one hundred guns on Federal Hill in honor of the result of the late election in Pennsylvania and Ohio.

Wealthy Citizen Murdered.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, Oct. 10.—Daniel Hertzler, a wealthy citizen of Springfield, Ohio, was murdered this morning by burglars, who entered his house for the purpose of robbery. The murderers escaped, taking off Mr. Hertzler's horse and buggy.

Lake Schooner Sunk.

[By Telegraph to the Pittsburgh Gazette.]

MILWAUKEE, October 10.—The schooner Cross Thwaite, loaded with corn, sprung a leak and sunk off the harbor, the cargo being removed.

WASHINGTON.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 10, 1867.

SERENADE TO THE PRESIDENT.

The *Tribune's* Washington special says: A grand serenade to his Excellency is announced for to-night. He is expected to make a speech and define his future policy, and tell of his long talked of *coup d'etat* against the Radicals. Of course all sorts of rumors are being circulated amongst the people.

CABINET RECONSTRUCTION.

It appears to be the settled opinion of all that Mr. Johnson will immediately reconstruct his Cabinet. Even in official circles it is not denied that some changes will be made. Reverdy Johnson was sent for, and arrived here to-night. In the new arrangement of Johnson's government, the New York Democracy are to have the first choice; in fact, they are to control the whole matter. Mr. Johnson is thoroughly scared at their action in their late Convention in Albany, and will do anything to appease them and give them all they want.

Senator Patterson, the President's son-in-law, stated publicly to-night, while he and Mr. Bogy were in a fit of ecstacy over the returns from Ohio, that Ex-Gov. Seymour will succeed Seward. From a similar source it is learned that Frank P. Blair, Jr., Gen. McClernand and Gen. Ewing are named for the War Office.

Mr. Johnston has failed to make the use he wished of General Sherman for Secretary McCulloch's place. There are several names mentioned as the representatives of Pennsylvania, and their friends state that New York prefers and will ask for the Treasury Department, and give the State Department to Pennsylvania. Many think that McCulloch will not be removed, but it is known that he will be fought by the corrupt politicians from Pennsylvania and Ohio, by whom he could not be used to aid their schemes. They will be back in a few days, and, flushed with victory, will think nothing too great for them to demand. Stanberry and Welles are said to have done all that was asked of them to insure the late triumph, and nothing is said as to what is to be done with Randall and Browning.

General Howard is expected to be assigned to a command in Texas or on the Plains, and Judge Holt is expected to be disposed of in some way. Clerks in the Departments who still remain true to their Radical principles are very nervous, and fear discharge. To-night, it is hoped, will bring forth all; until then the excitement will of course continue.

The *Herald's* special says: There is no foundation for the reports of Cabinet changes; nevertheless the President, it is stated, is dissatisfied with certain matters in the Treasury Department, and will soon take measures to get rid of Secretary McCulloch.

The *Times'* special says: There is good authority for the statement that President Johnson announced to-day that in view of the result of the elections yesterday, which he construes as an endorsement of his policy, he would soon make some necessary changes in his Cabinet. His remarks are understood to refer particularly to Secretary McCulloch, whose port-folio will be given to some New York conservative. Erastus Corning's name has been prominently mentioned in this connection. As a matter of course, the appointment of a New York man to the Treasury will result in Secretary Seward's removal. For his place there are a thousand and one applications, but it is now known that Jerry Black or ex-Senator Cowan have the strongest claim.

It is conceded that the Democracy of Pennsylvania are entitled to recognition, and they will undoubtedly receive it, but whether in accordance with these predictions, which are based on mere rumors and White House gossip, remains to be seen. Ex-Indian Commissioner Bogy is being urged by the Western Democracy for the Secretaryship of the Interior Department. Gen. Sherman is still ignorant of the reason he was sent for by the President, and says he will return to St. Louis on Friday, if the President will let him.

PHILADELPHIA ELECTION FRAUD.

It is said that a fraud has been discovered by which 3,000 illegal Democratic votes were received in Philadelphia.

MEN AND ARMS FOR MARYLAND AUTHORITIES.

A detachment of Infantry and three batteries of Artillery were sent to Fort McHenry yesterday. Two hundred Reserves, from New York, also arrived in Baltimore. The cause of these movements, it is believed, is to place the authorities in a position to preserve the peace between the turbulent factions in Baltimore.

CALLS ON GEN. GRANT AND THE PRESIDENT.

Gen. Schofield, Messrs. Moorhead and Spaulding, and Senator Reverdy Johnson, had interviews with Gen. Grant. Gen. Schofield also had an interview with the President, and leaves in a few days for the North.

COUNTERFEIT BONDS PRESENTED.

Seventy thousand dollars of the counterfeit bonds of the second series have been presented at the Treasury Department for redemption. All were either A or B series. The counterfeit is regarded as one of the most dangerous yet executed, and declared superior to the counterfeit five hundred dollar greenback engraved by Uhlric, who is now in prison.

CALLED ON THE PRESIDENT.

Gen. Sherman, Secretary Welles, Secretary Browning, Attorney General Stanberry, Congressman Marshall, of Illinois, and Senator Johnson were among those who called upon the President.

POSTOFFICE EXPENDITURES.

It is understood the expenditures of the Postoffice Department, for the fiscal year, will be largely in excess of the receipts. This is said to be owing to the large number of routes in Southern States not self-sustaining.

POSTAL TREATY RATIFIED.

The treaty between the United States and Belgium has finally been ratified.

THE SERENADE POSTPONED.

The proposed serenade to the President has been indefinitely postponed.

NEW YORK PRESS ON THE RESULT OF THE ELECTIONS.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 10.—The *Tribune* says: "Ohio on Tuesday gave more votes and a larger proportion of her Republican strength for manhood suffrage than any other State has ever given—more by many thousands than she would ever have given till now. The vital principle of genuine Democracy will march on through seeming defeats to inevitable and conclusive triumph. Through whatever trials of its constancy the great party will move right on to the arduous but inevitable achievement of equal rights for all."

The *World* says: "The news we published from Ohio fills the measure of our hopes. The elections are an indignant, unanimous veto upon the policy of the party in power."

The *Times* says: "The elections indicate no increased confidence in the democratic party, but simply a reaction against the extreme acts and measures of the Republican party, and convey an admonition which ought to be salutary to political leaders."

The *Herald* says: "The recent elections do not denote democratic victories, but that the republican element of the country has stepped aside to rebuke its leaders."

The *Journal of Commerce* says: "If the returns from Ohio can be relied upon, the reaction against negro suffrage is even more determined than was expected. It will be very difficult for any faction to secure favor for years to come while endorsing this measure."

The *Commercial Advertiser* says: "The muddle between Congress and the President is occasioned by the Military Reconstruction act, under which they expect to bring the South back under negro supremacy, and this is precisely the question on which, after a full argument, Ohio has rendered a verdict which ends Chief Justice Chase's aspirations for the Presidency, and terminates Ben Wade's Senatorial career."

The *Post* has nothing editorially on the subject of the election.

The *Express* says the elections mean the restoration of the Democratic party to power, and declare against the whole Congressional reconstruction system of the Radicals, and all their paper money management. There never was so mean ing an election as that in Ohio.

Amusements.

EDWIN BOOTH.—The fourth appearance of Mr. Booth at the Opera House, last night, attracted such an audience as has seldom or never been drawn together since theatricals were introduced in our city. Such a glowing tribute to genius and ability must have even made the heart of Booth, the great interpreter, who has been similarly welcomed in the principal cities of the country, throb with new delight. It was high evidence of the polishment of our citizens, and of their taste and appreciation for the drama. Every seat, aisle and nook was occupied with persons eager to draw in every word uttered on the stage. As Richelieu, Booth more than sustained his brilliant reputation as an actor. Throughout the play he had not much opportunity to display his great genius till in the curse scene, when his whole soul appeared to flow from beneath the scarlet of the cardinal, and the audience was thrilled into awe and enthusiasm. The imagination cannot conceive any more thrilling scene than was that last evening, where Booth gave vent to the bitterness and wrath of Richelieu.

To-night Hamlet will be reproduced, and we anticipate a very large and brilliant assemblage. We cannot too strongly urge our readers to visit the Opera House during the engagement of America's favorite actor, as, perhaps, never again will he appear in this city, and not to have seen and heard him will prove the regret of a life time.

VARIETIES THEATRE.—To-night, at this popular theatre, Penn street, will be presented a great bill, on the occasion of the farewell benefit accorded to Sam Collyer, the prince of clever and versatile actors. Jimmy Hamill will appear on the stage in a series of exercises, and Johnny Newell and Collyer will afford a good representation of the manly art of self-defense. Let the house be crowded.

McMullen was committed in default of bail, and Hughes was held in one thousand dollars bail for his appearance at Court.

Smash Up.

Yesterday afternoon a gentleman drove up to the Union Depot in a new single buggy, to which was attached a fine spirited horse, for the purpose of receiving a friend whom he expected to meet there. Fearing that his horse would not stand the noise and bustle about the depot, he left him in charge of man on Grant street, opposite the metal yard. A few moments afterwards an engine run in on the track to the emigrant depot, at which the horse took fright, and pulling loose from the man who had him in charge, started across the metal yard at full speed, when the buggy came in contact with a pile of metal with such force as to demolish two of the wheels and otherwise injure it. The horse was arrested in his wild career just as he came out on Liberty street, or the damage might have been much more serious.

A Re-union After a Separation of Thirty Years.

We heard yesterday of a pleasing little episode in life, which will bear repetition in our columns. Some thirty years ago the only two brothers of a family, separated at their native town in New England, both taking different directions to push their fortunes in life. One of them came to Pittsburgh, where he embarked in business and made quite a respectable competence, on which he retired. He frequently endeavored to learn something of the whereabouts of his brother, but to no avail, and after the lapse of years arrived at the conclusion that he was dead. A month or two since a daughter of our Pittsburgh friend wrote on a venture to the native town of her father to make inquiries concerning her uncle, and received a letter in return, which was written by the long lost relative. He stated that he had heard two weeks after the departure of his brother, that he had gone down in an ill-fated vessel at sea, and never thought otherwise than to mourn him as dead. He had returned to his native city to enjoy a fortune made in Canada, where he had been since parting with his brother, a few months before the receipt of his letter. The brothers met in this city on Sunday last, after mourning each other as dead for more than a quarter of a century. Their joy can be imagined, not told.

THE HORSES AND BAROUCHE offered for sale at Greensburg last week, under circumstances leading to the belief that they were stolen, it is thought belong to Thomas Lennon, livery stable keeper at Erie city, having been hired there on Tuesday of last week by two young men, giving their names as George Blessing and Frank Graham, and who represented they were going out riding with two women, one of whom was stated to be Blessing's wife, and the other Graham's sister. An officer from Erie went to Greensburg yesterday to see the young men, who are detained in prison at that place.

FATAL ACCIDENT.—A fatal accident occurred on the Pennsylvania Railroad, near Derry Station, Wednesday night, the facts of which so far as we could obtain them, are as follows: About six o'clock in the evening, a man, whose name we could not ascertain, attempted to climb on the hind car of a freight train which was passing the station, and by non-success fell on the track, when another train, which was following close in the rear of the first one, passed over him killing him instantly.

THE ASSOCIATED PRESS despatches on election night were fuller than we ever laid before our readers on the morning following an election. The credit of this fact is due Mr. Gillson, the able and efficient manager of the Western Union Telegraph Office, and other gentlemen connected with that line. They labored all night collecting the returns, and supplied them to the newspapers *gratuitously*. The public as well as the press are under obligations.

FIRE.—A slight fire occurred between eleven and twelve o'clock on Wednesday night, in the new brick building now being erected on Smithfield street, adjoining Cluley's paint shop. It was discovered in time to be extinguished by the application of a few buckets of water, and, consequently, no alarm was sounded. The fire originated, it is supposed, from the apparatus used by the gas fitters, who had been at work in the building during the day.

ENGINES AND TOOLS.—A fine opportunity is afforded for parties needing small steam engines or any sort of machine tools used in a machine shop. Mr. Wightman, a well known machinist of Allegheny, having determined to relinquish business, has leased his premises, and now offers his fine assortment of shop tools for sale. He will sell at very low prices for two or three weeks to avoid the necessity of removal. See his advertisement in another column.

THE WHEREABOUTS of William C. Beck, who was a Lieutenant in Co. H., 107th Pennsylvania Volunteers, the widow of Herman Forster is very anxious to ascertain. Lieutenant H., it is supposed, can prove the death of Forster, who was killed at Hatcher's Run, and thus enable the widow to make application for a pension. Information can be left with John G. Brown, Esq., Clerk of the Court, at the Court House.

THE NICOLSON PAVEMENT CONTRACT—for paving Wood and Fifth streets—has been awarded to Mr. Edward Allen, who is now constructing the sewers on those thoroughfares. It is stipulated that the paving shall be completed by the 15th of December. Expedition in the matter is requisite, as the obstruction of Wood and Fifth streets has become a most serious annoyance.

SAD ACCIDENT.—Last evening, about seven o'clock, a little girl, whose name we could not ascertain, aged about seven years, was sent to the well attached to her residence in South Pittsburgh to draw a pail of water. By leaning too far over the side she fell into the well and was drowned. The Coroner was notified but no inquest was held last night.

THE NEW METHODIST CHURCH at Manchester will be dedicated to the worship of Almighty God on Sabbath next, with appropriate ceremonies. The eminent Bishop Simpson will officiate, assisted by the pastor of the congregation, Rev. Mr. Hollingshead.

NEIGHBORHOOD NEWS.

PENNSYLVANIA.

IN his annual report, Mr. Gilchrist, Superintendent of Public Schools of Washington county, says: Perhaps few counties have such agencies for education as Washington. Two colleges, now consolidated, and soon to be among the greatest in our land, two celebrated Female Seminaries and several valuable Academies. The South Western Normal School at California is in a flourishing condition and is educating two hundred teachers annually. New buildings are in process of erection, and ere long the State will own it as another of her institutions.

THE Monongahela *Republican* says: On Tuesday about one o'clock, the body of Mr. Robert Harrison was found in the river, below Anderson's Saw Mill. It appears that he started for Webster in a skiff to buy some meat, about 7 o'clock in the morning, and it is supposed that he took an apoplectic fit, fell into the river, and was drowned. Mr. Harrison was subject to these attacks, and the above seems to be the only reasonable conclusion in the case. Esquire Castner held the inquest with a verdict of accidental death. The drowned man was about 42 years of age, and leaves a wife and four children. He was employed at Gilmore's coal works as a ship carpenter and was an honest, industrious man.

THE Chambersburg *Repository* says: The large frame barn on the farm of Col. A. K. McClure, and in the occupancy of Mr. John Linn, a short distance from town, west of the Conococheague Creek, was totally destroyed by fire on Wednesday last, together with the crops of the present year, the property of Mr. Linn. The fire originated from a lantern about four o'clock in the morning, and on first being discovered was put out, as was thought, but some embers still remaining in the hay, it again broke out between six and seven o'clock, and when noticed had gained such headway that it was impossible to check it. The alarm being given in town, the Friendship Fire Company promptly went to the rescue, and were instrumental in saving the surrounding buildings. Mr. McClure's loss [illegible] barn is about three thousand dollars, in the [illegible] Mr. Linn, three thousand dollars. No insurance.

THE Erie *Dispatch* says: [illegible] A pigeon shooting match was held on the Fair Grounds yesterday afternoon. Ninety-six pigeons were taken out, and F. W. Gifford, Dr. Wilkins, A. W. Van Tassell, and J. L. Haight tried their skill. The birds were shot from a trap, 21 yards rise and 80 yards boundary. F. W. Gifford led off by killing twenty out of twenty-two, single birds, and then of twenty double birds shot twenty-six out of twenty-eight birds. His last shot at double birds was a beauty. The right hand barrel of his gun failed to go off, and he blazed away with the other, just as the birds got in line, and brought both down. The others were now at the business, and did not make so good tallies. Dr. Wilkins shot ten out of fourteen. A. W. Van Tassell killed ten out of fourteen, and J. L. Haight six out of fourteen.

THE Washington *Reporter* says: The proprietors of the coal shaft recently sunk at this place, are providing themselves with additional facilities for pumping water and otherwise making permanent arrangements for mining on a large scale. They expect to be in full operation in the course of a very short time.

The brick work of the new jail has been completed, and the timbers for the roof are now being put up.

AT READING, on Tuesday, Mr. Charles Breneizer, youngest son of Mrs. Breineizer, and aged about eighteen years, met with an accident, while gunning, that may prove fatal. He was accompanied by a boy, and the two were on the Blue Mountain above Hamburg. The boy threw a paw-paw to Breneizer, and the latter attempted to catch it, when his gun was discharged, the load entering his left breast, near the arm, inflicting a severe flesh wound. Mr. B. was taken home, and is now in the care of a physician.

THE managers of the Lawrence Railroad contemplate a route into Youngstown on the south side of the river, and were there last week looking out for a suitable place for a freight depot and shops. Several sites were looked at, among them one on the river bottom, east of the lower bridge, and another on the flats west of Brown, Bonnell & Co.'s rolling mill.

THE Titusville *Herald* reports the following late oil strikes: About ten days since a new well was struck on the McClintock reserve of the Wash. McClintock Farm. It is now producing about 125 barrels per day. It is owned by Mr. H. Lehr. A new well was struck on Saturday last on the S. A. Woods' tract of the Thomas Woods Farm. It is situated within a few rods of the flowing well. Yesterday the production was fully 100 barrels. It is owned by Mr. S. A. Woods.

THE Reading *Dispatch* says: A large flock of wild ducks passed over the lower part of the city this morning, winging their flight northward. This is portentious of approaching cold weather. Wild pigeons have also been seen lately in this neighborhood. Sportsmen are on the alert for this kind of game.

AT AN early hour on Saturday morning last, John Magruder, one of the brakemen on the Warren and Franklin Railroad, was run over and killed near the depot, at Oil City. It seems that while attempting to set one of the brakes he fell to the track, and several cars passed over him.

A NEW well was struck last week on lease No. 2 of the Bennington Farm, and on Saturday last it was producing at the rate of fifty barrels per day. The working interest is owned by Mr. Joseph Overy.

THE Ninth Annual Exhibition of the Huntingdon County Agricultural Society, held last week, was, in many respects, the largest and most successful that has ever been held in the county.

THE potato crop of Crawford county is being harvested, and is one of the largest ever grown here. The potatoes are remarkably fine and generally free from rot.

A STORY about a secret cave, near Tideoute, hidden treasure, etc., has started a lot of men who are now "prospecting" with the aid of clairvoyants and divining rods.

T. J. CHAPMAN, Esq., has been appointed County Superintendent of Common Schools of Cambria county, to fill the unexpired term of J. Frank Condon, Esq.

THE *Record* reports thirty new wells going down in the vicinity of Pithole at present. That does not look as though the place was affected with the "dry rot."

WE regret to learn that Mr. William Hutchinson, of the Ebensburg *Alleghenian*, is dangerously ill. No paper was issued last week in consequence.

JOHN DALEY, of Pithole, is charged with the larceny of a buggy belonging to Albert Pierce. He was held over to Court in $200 bail.

THE new and additional building of the Johnstown Gas Company is nearly completed.

THE public schools of Johnstown and Millville boroughs were opened last Monday.

HIRAM MOWRY, while wrestling with a friend badly fractured his leg, at Warren.

OHIO.

The coal train going west Saturday morning discovered a man lying near the track one mile and a half west of Orrville, and the Coroner of Wooster was notified of the fact. He was brought to Wooster on the morning mail train, and the Coroner's inquest rendered a decision that the deceased had met his death by falling from a train while in motion. He was a young man, of about twenty, well dressed, and the only thing found upon his person was a check for baggage from Chicago to Baltimore, a handkerchief marked "Battin," and a few invaluables. The absence of money or valuables on his person occasions suspicion of foul play, but it is most likely an accident, such as will frequently happen. It would seem from papers found in his trunk that his name is M'Cormack, of Alexandria, Va., with friends in Chicago.

MRS. DAVID FRANCE, whose residence is near New Pittsburgh, was struck with lightning, on Wednesday of last week, while standing by the stove engaged in preparing breakfast. The lightning passed down the flue and stove pipe, scattering the articles on the stove and knocking Mrs. F. senseless. The other persons in the house were not seriously injured. When we last heard from Mrs. France she was slowly recovering.

MR. MORRIS LIDINGS, of Howland, one evening last week was found lying dead in the road in Fowler, with his skull fractured. He had been out purchasing cattle, driving a spirited horse to a sulky. It is supposed that his horse became frightened and ran away and he was thrown out, and his feet catching in the sulky he was dragged some distance.

SHERIFF LAIRD, while driving his team in Warren, was thrown from his buggy, the horses having taken fright and run the buggy against a tree. His right arm, near the wrist, was fractured, and he suffered some severe contusions. The vehicle was smashed generally. Deputy Sheriff Brigden, who was riding with him, was thrown out but not seriously injured.

ACCORDING to a census taken by M. W. Davis, on the 20th of September last, the population of Ironton, Ohio, amounted to 5,723. The enumeration of children between the ages of five and twenty footed up: Males, 900; Females, 954, making a total of white children of school age, 1,854. Colored females, 42; colored males 31; giving a grand total of 1,927.

THE Youngstown *Register* says: The rolling mill project at Lowell has assumed definite shape, and the "Lowell Iron Company" was incorporated on Saturday last for the purpose of manufacturing iron and nails. The capital stock is $150,000, divided into shares of $50 each.

MAHONING COUNTY is not alone in strange places for distilleries. We see it stated that a distillery has recently been discovered on board a canal boat, near New Philadelphia. The illicit business had evidently been pursued on a large scale.

GEORGE NORTH, a brakeman on the local freight on the Mahoning branch, while coupling cars at Warren, caught his hand in the draw head, crushing it so badly that amputation of the thumb and index finger had to be resorted to.

THE dwelling house of Mr. Ralza Clark, of Vernon, was destroyed by fire, about ten o'clock, Sunday night, of last week. The fire is supposed to have caught from sparks from chimneys. Loss estimated at eight thousand dollars on house and household goods. No insurance.

THE tailor shop of G. W. Moore & Bro., of Orrsville, Ohio, was entered on Monday night of last week, through a broken window, and goods to the amount of about one hundred and fifty dollars were stolen. No clue to the perpetrators.

THE Ashtabula County Musical Association will hold a festival at Ashtabula on the 16th instant. It is estimated that there will be about one hundred singers in attendance.

STATE FAIR, 1867. REPORT OF THE JUDGES, AS IN BOOK NO. 45 OF THE COMMITTEE:

The WEED MACHINE is a superior machine for fine or heavy work, and is entitled to special notice. JAS. A. GIBSON. MRS. E. M. BLACK. MISS M. NELSON.	The Wheeler & Wilson has our highest approbation, the W. & W., with button-hole attachment, our hearty approval. The Judges use the W. & W. machine.

Now see what the Judges have said about the Weed; and does the word *superior* not denote the highest degree of excellence? and the words special notice something more than ordinary? If not, our best lexicographers are sadly at fault in their definition of that term. The reports of the Judges are before the public, and they can judge for themselves.

First Premium for a suit of clothes made upon the Weed, for which the Society has paid a premium of $2.

HERE IS MORE OF IT IN THE ILLINOIS STATE FAIR.

QUINCY, Ill., 1867.

The Weed Sewing Machine has achieved another triumph here, having won to-day, October 3d, the first prize, a silver medal, as the best family sewing machine; another silver medal as the best manufacturing machine for cloth work; another silver medal for the best series of samples of work done by family sewing machines; another silver medal for the best series of samples of work done by a machine for manufacturing cloth work. It is a most excellent machine, and deserves the success it is receiving.

This makes fourteen States, and Paris, in 1867, it has carried, and will wherever it is tested for a prize.

Call and see the champion sewing machines at R. H. Long's, 112 Grant street. Invite personal examination, knowing that the public will endorse the Imperial Jury. As the old saying is, "every one has his day," the Weed's has come at last.

The New Weed overcomes all the vexations of the last twenty years.

The agent of the W. W. might as well try to make the people believe that the Ohio river runs up stream as to try to make them believe the Weed is not triumphant.

Auction! Auction!! Auction!!!—Sale of Lots at Hoboken.

This large and beautiful tract of land, which is now being sub-divided into lots of various sizes, containing from one-fourth to five acres, is situated on the Allegheny river and Western Pennsylvania Railroad, seven miles above the city of Pittsburgh. This property is unsurpassed for advantage of location, beautiful romantic scenery, pure air and water. It undoubtedly possesses rare attractions for those whose cultivated tastes and better judgments lead them away from the unsightly lots of ground with which the market is now being flooded, to seek for homes free from the dust and noise of the city. The facilities for reaching Hoboken are very great. The Western Pennsylvania Railroad runs through the place, the Allegheny river winds round the borders, and opposite the foot of "Centre Avenue," on the other side of the river, there is a station on the Allegheny Valley Railroad, so that it can be reached by two railroads and the river.

On Saturday, October 12th, free trains will leave the depot of the Western Pennsylvania Railroad, Allegheny City, at 9:05 A. M., and 11:20 A. M., stopping at Burnett's, Pine Creek, Sharpsburg Station and Ross Station. Free lunch and refreshments will be furnished on the grounds.

The following letter which explains itself, we publish with pleasure:

NEW WILMINGTON, PA., Oct. 9, 1867.

Editors Evening Chronicle, Pittsburgh:

SIR: Noticing in a recent issue of your paper an error in the report of Sewing Machines at the late State Fair, as rendered by the agent of the Weed Machine, I beg leave to make the following correction, and would also state, that as a committee our aim was to render *honest justice* to all that came under our notice.

After comparing the various machines as regards simplicity, ease in operating, and variety of work performed, we made our Report in full on the last page of book No. 45, and classed them as follows:

1st. Wheeler & Wilson,
2d. Weed,
3d. Empire,
4th. Wilcox & Gibbs,
Grover & Baker and Florence declining to be noticed.

In making the *Wheeler & Wilson first*, and the work done by it *the best*, no injustice was done to the other machines on exhibition. Yours, Truly,

MRS. E. M. BLACK.
Clerk of Committee on Sewing Machines.

POLITICAL PARALYSIS.

The paralysis under which the Republicans have been laboring in Ohio and Pennsylvania grew out of the failure to bring the leading rebels to justice. The bailing of JEFF. DAVIS, instead of hanging, fell like a palsy on the Republican heart. Tens of thousands of Republicans stayed at home on Tuesday last because they were utterly disgusted with the farce that was played at Richmond in the release of the leader of the rebellion, and nothing that any speaker could say in the late canvass served to infuse a better feeling into their minds. Every one who took an active part in the late canvass in this county realized this fact at every step of its progress. The popular sense of justice was so thoroughly outraged by the practical discharge of JEFF. DAVIS from all restraint that it refused to accept of any excuse for, or palliation of it. This feeling, on the part of the masses, did not show itself in outward demonstrations, but you can see it *now*, in the returns from every poll in the Commonwealth. A very large portion of the people felt that it was of no use to go to the election, since all their efforts, hitherto, to bring the leaders of the rebellion to justice had resulted in utter failure.

CALEDONIA IRON, LAND AND RAILROAD COMPANY.

At the last session of the Legislature a Company was chartered by the name of the "Caledonia Iron, Land and Railroad Company," with a capital of $500,000, with power to increase the same to such an amount as may be deemed necessary to carry out the objects of the corporation.

It gives the company power to hold in fee simple or to lease mineral lands not exceeding 16,000 acres, wherever it may choose to select them, with power to mortgage, sell, lease or otherwise dispose of the same or any part thereof, with the right to manufacture and prepare for market lumber and other articles prepared therefrom; to open mines, mine and prepare for market coal, ore, limestone, fire clay, and other minerals, and to use and consume the same, and to manufacture iron and fire brick and transport said articles to market and dispose of them, and to do all such other acts and things as may be necessary to the prosecution of such business. Also to make such improvements and erections as may be required.

Section 6 of the bill provides that it should be lawful for the Company to construct and operate a *railroad* or railroads, with branches from any part of their lines, to connect with the Caledonia and South Mountain Railroad and its branches, *or with any other railroad now or hereafter to be built.*

Section 8 provides that payments to the stock of the Company may be paid in real and personal estate appropriate to the business contemplated by the act, at a *bona fide* cash valuation; and the corporation is authorized to issue bonds, with or without coupons, at 7 30 per cent. interest, and to sell them at their market value.

The corporators of this Company, including Hon. THADDEUS STEVENS, will meet in this city on Tuesday next, October 15th, for the purpose of conferring with our citizens upon the subject. As this charter gives ample power to construct a new road from here to Philadelphia or Baltimore, it is of the utmost importance to our commercial men and manufacturers. We trust they will give it their earnest attention, and confer with the corporators when they meet here.

THE REPUBLICAN PARTY.

The man who would win the respect of others must respect himself. He who would gain the confidence of others must confide in himself. He who would convince others must himself be fully convinced. Perhaps there is no lesson which the Republican party so much needs to learn as the truth contained in these simple maxims. Look at its history since the day it came into power. In '60 the Democracy openly threatened disunion, if the people should place the government in the hands of their opponents. The issue was fairly made. The people accepted it, and placed their government in the hands of Republicans. Self-respect taught that they should, in good faith, accept, hold, and to the best of their ability, discharge the duties of the trust. The people by their vote, said, "We are tired of democratic rule, and want a change;" they were entitled to the change they had decreed. How did the Republicans execute the trust reposed in them? How did they respond to this demand for change? Simply, by retaining in office, enough democrats to prevent the harmonious working of the government on republican principles. They did not manfully, and with self-reliance, grasp the helm placed in their hands, and steadily and stoutly wheel the ship of State into the new course ordered by the owners of the craft. They showed a lack of nerve when the threatened conflict burst upon them, by appointing, to places of high responsibility, a majority of men who had been life-long opponents of their principles. Of the early appointments, in the Army, the democratic Generals were three to one republican. In the Government Departments hundreds of their enemies were retained, or placed in positions, where they had power to betray them. They disappointed friends in hope of conciliating enemies, to such a degree that in 1862 it was impossible to rally the people to their support. When driven in '63 to show confidence in their principles, and to take a determined stand against treason, the people rallied to their aid with wild enthusiasm; and nothing could be more plainly indicated as the popular will than this "Treason is a crime and must be punished." The people demanded that treason should be made odious, and JEFF. DAVIS hanged "on a sour apple tree." Their darling thought, throughout all the horrors of the struggle thrust upon them, was, to hang the traitors. They never could have been induced to fight out the war to the bitter end on any other ground than that treason was to be made odious unless on the principle that the Southern States, and people, by their acts of secession, had become foreign enemies to be conquered and dealt with according to the law of nations. They demand always, a definite policy. As traitors, the leaders must be hanged or banished; as foreign enemies, those implicated in murdering prisoners should have suffered the extreme penalty of the law. Self respect demanded that our soldiers should be secured in the treatment awarded by civilized warfare; but this demand was not met. The party in power, with false magnanimity, had overlooked the claims of a hundred good and true men, who had distinguished themselves as advocates of its principles, and elected a life-long enemy, to those principles, to a place from which the assassin's bullet transferred him to one of almost supreme control.

When he had thrown off the mask, and confronted them as a traitor, in full sympathy with traitors, instead of acting promptly and hurling him from his seat, they halted and reasoned and temporized. They have permitted him to make treason safe and profitable. They have allowed the escape of the guiltiest nest of criminals that has yet disgraced the records of modern history. They have shown a lack of nerve and decision. They have neither treated the rebels as rebels, nor as foreign enemies. They have not enunciated any definite and distinct policy. Treason is not made odious. Traitors are not punished. There is so little difference between the reward of loyalty and treason that it requires a philosopher to define it. The people do not see the distinction. The men who lead in revolutions must be prompt and confident. The measure which would be carried into a great success to-day may be a dead drag to-morrow. Negro Suffrage in the South, and disfranchisement of rebels, would have been hailed with acclaim in the spring of '65. Now they must be secured by patient labor; and it only remains for Congress to convince the people that they themselves are convinced of the justice of their policy—to hold the ground already taken, and press steadily forward. They must fight it out on this line, or be swept from the ground, next fall, as autumn leaves are swept before the wind. Any vacillation, any going backward, will call forth the contempt of friend and foe. The American people will pardon any crime rather than cowardice. They worship courage, pluck, daring. The doggedness of Andrew Johnson begins to command their respect. He stands his ground. Let Congress waver, and the people will have no further use for them.

A FRENCH NOVELIST says: "The Parisian girl exchanges her six-penny dress for velvet and *moire antique*, and you would swear she had never worn anything cheaper." The New York *Times* claims that American women are equal to the Parisian in this quality of transforming themselves by a change of dress, and says the waiting-maid suddenly come to wealth "carries off not only her finery, but her mistress's manners." If the manners of the mistress and maid corresponded when they occupied that relation, as the manners of mistress and maid are apt to do, the maid carries them in velvet as well as calico; but velvet and *moire antique* can never make a vulgar, ignorant woman any less vulgar and ignorant. The mistake of the age is that money, by giving finery, can give an air of culture and refinement, hence the feverish desire for wealth, and the pursuit of it, often, at the sacrifice of moral worth. The Press could scarce teach a more mischievous lesson than this, that finery makes a lady, or broadcloth a gentleman. The woman of gentle nature and gentle culture is a gentle-woman in rags, and so she will appear. A coarse nature and coarse breeding is only the more prominent in diamonds and lace. To make a lady, or bestow the manners of a lady, you must cultivate the heart first, then the head; millinery has no part in the work. The light within the vase can never be counterfeited by the glitter of diamonds on the outside.

THE *Tribune* has a leader on JOHNSON calling SHERMAN to Washington, in which it asks:

"Is it possible that Andrew Johnson in his madness contemplates a *coup d' etat*, and that, failing to secure Grant, he has sought the Lieutenant General, with the view of having the second officer of the army to support him in the hour of trouble. * * * * * The President is hemmed in on all sides. Within sixty or seventy days Mr. Stanton will be restored to the Cabinet. If the President contemplates action to defeat Congress, he must do something before that time."

A BUTTON MANIA is raging out West amongst little girls and grown women. It consists in an ambition to have a string of buttons of no use to any one, but of as great variety and costliness as possible. One lady in Louisville values her string at $1,000. They are carried in the hand, and the Kentucky State Fair Association gives a premium to the lady exhibiting the finest string of buttons.

PERSONAL.

—Chief Justice Chase is to preside at the trial of Davis.

—The staggers prevail fatally among the horses in Norfolk county, Va.

—A ritualistic marriage ceremony in London recently occupied three hours.

—Bandelaire, "the poet of all ill," recently died in a private mad house in Paris.

—The skeleton of a mastadon, almost complete, has been dug up near Fort Wayne.

—James Miller, who murdered his wife in Philadelphia, two weeks ago, is not yet arrested.

—Jefferson Davis, who was once President of the Confederate States of America, is to be tried for treason in November.

—Iturbide and Maximilian, the only two emperors of Mexico, were both shot on the 19th of June. The one in 1824, the other in 1867.

—Miss Helen Western is playing in Cincinnati at the Fourth Street Theatre, Mrs. Lander at Mozart Hall, and Booth begins an engagement at the National on Monday.

—Beauregard was in Richmond last week, for only the second time in his life. In '61 he passed through the city, but at no other time entered it. So says the St. Louis *Dispatch*.

—Ann E. Kirby, who murdered her husband nearly two years ago, in the market house, in Richmond, Va., because he was unfaithful to her, has been tried and sentenced to seven years in the Penitentiary.

—B. W. Green, who murdered his wife in Hartford several years ago, and was acquitted on the ground of insanity, died at the private hospital of Dr. Buell, in Litchfield, Conn., last week. He was about sixty-four years of age, and leaves an estate of nearly $200,000.

—A German newspaper says: "Two years ago Mr. Christian Segemeyer became father of his fifty-eighth child. His first wife gave birth to twenty-three, of which six were twins and eleven single born children. Of these fifty-eight children twenty-eight are living, all being daughters, and the man has never been sick, and enjoys good health, as do his children.

CHICAGO ITEMS.

—A Christian Union has been organized and proposes to hold a mass meeting in the New Opera House. In denouncing sectarianism, and pleading for liberality, in a speech at its organization, Rev. T. E. St. John said:

"The idea that a man must believe in three Gods to be a Christian was something that was not known for three hundred years after Christianity came upon the earth; and it was not until two hundred years after that that doctrine of total depravity was crowded down the throats of the young Christians. They are not Christians who do not cluster under the banner of Christian unity, because Christianity substantially is Christian unity. Nothing illiberal can ever claim the name of Christianity. Therefore, let us marshal our forces. Let us make a warfare, if it need be, against the power of those who stand opposed. Let us prove that we have the true principles of Christianity with us, and that with the power of these we must be respected by all."

If the Cristians of Chicago are illiberal after hearing this there is little hope of enlarging their ideas of liberality.

—The papers are discussing the State donation to Mrs. Douglass of $25,000 as a precedent for relieving "Mrs. Lincoln's pecuniary embarassments." Democratic editors are liberal in urging our statesmen to tax poor widows in order to give annuities to those who keep private carriages and fancy teams, who dress in velvet, and fare sumptuously every day, yet are very much troubled about high taxes.

—Ann Neelin put her husband Michael in jail for abusing her, then married Whalen. She was arrested for bigamy, but got out of prison. Michael also got out, and went home drunk, when she gave him morphine, of which he died. She escaped with Whalen.

—James Steele, contractor for improving North Clark street, donated all the old planks to the Christian Association as fuel for the poor.

—A female pickpocket robbed thirteen ladies, in Second Street Church, on Monday evening, of sums ranging from $10 to $100.

—Presbyterians are about holding a fair for the benefit of the widows and orphans of soldiers.

—Bishop Simpson lectures for the Young Men's Christian Association this evening.

—St. Luke's Hospital hold a ball on the 17th, for the benefit of the institution.

—The house at St. Helena, once occupied by Napoleon I. is now a stable. The French people are very indignant about it.

GENERAL NEWS.

—Two thousand five hundred and fifty carriages are assessed in Philadelphia at an aggregate value of over $700,000.

—The Dubuque *Herald* gives an account of a raftsman swimming a mile with one hand clinched on his money.

—The Cincinnati *Enquirer* has been seized by a violent attack of "hen fever" and has broken out in roosters. Other Democratic papers have taken the disease, but not in so virulent a form as the *Enquirer*.

—Mr. Washburne says Gen. Grant is in full sympathy with Congress, and accepted the position of Secretary of War to prevent its being given to a Johnson man, after full consultation with Secretary Stanton.

—The *World* still harps upon the ignorance and debaucheries of southern negroes, and appears to forget the argument thus furnished against southern whites, who, for two centuries, have claimed to be their guardians and teachers.

—The proprietors of the Memphis *Bulletin* attempted to introduce printers into their office independent of the Printers' Union. The attempt was resisted by the Union men and one of the independents shot—severely wounded. The Union holds the office.

—Gen. Ord has ordered that when a Union man is arrested he may have his trial by military commission instead of Rebel Court, on his oath that he fears injustice on account of his Unionism. The Memphis *Appeal* sees a Star Chamber and Inquisition in this arrangement, and is troubled about the Constitution. The *Appeal* is also playing champion for Gen. Charles P. Stone.

—A paragraph has been going the rounds of the press quite recently, stating that Helmbold, the celebrated New York Druggist, pays the *Tribune* of that city over $10,000 per year for advertising. Helmbold's business must be immense to enable him to pay such a sum of money to one paper out of some fifteen or sixteen hundred in which he advertises. By his judicious, but at the same time extensive advertising, Helmbold has made his "Buchu" and other proprietary compounds standard remedies in almost every household in the land; while the medical faculty, whose approbation is never gained for a nostrum, not only recommend Helmbold's preparations, but quite generally use them in their private practice. If some thousands of business men, who have been content to plod along in the old fogy footsteps of their ancestors, who looked upon newspaper advertising as money thrown away, had but possessed Helmbold's sagacity and courage, they might, perhaps, figure quite as largely in the Income Tax returns.—*N. Y. Times.*

Mammoth Cave of Martinique.

That the Mammoth Cave of Martinique is an antiquity of the world before the Flood—a city of giants which an earthquake swallowed, and which a chance roof of rocks has protected from being effaced by the Deluge—is one of the fancies which its strange phenomena force upon the mind. All is so architectural. It is not a vast underground cavity, raw and dirty, but a succession of halls, domes, and corridors, streets, avenues, and arches—all under ground, but all telling of the design and proportion of a majestic primeval metropolis. It is not a cave, but a city in ruins—a city from which sun, moon and stars have been taken away—whose day of judgment has come and passed, and over which a new world has been created and grown old. By what admirable laws of unknown architecture those mammoth roofs and ceilings are upheld, is every traveler's wondering question. In some shape or other, I heard each of my companions express this. No modern builder could throw up such vast vaulted arches, and so unaccountably sustain them. And all else in keeping. The cornices and columns, aisles and galleries, are gigantically proportionate, and as mysteriously upheld. Streets after streets, miles after miles, seem to have been left only half in ruins; and here and there is an effect as if the basements and lower stories were encumbered with fragments and rubbish, leaving you to walk on a level with the capitals and floors once high above the pavements. It might be described as a mammoth Herculaneum, first sepulchred with over-topping mountains, but swept and choked afterward by the waters of the Deluge, and found their way to its dark streets in their subsiding.

INVISIBLE POISONS.

The Medicis and the Borgias fortified their systems with powerful antidotes against the subtle poisons with which they used to destroy their enemies, and which they feared might one day be employed against themselves. There are *invisible poisons*, almost as deadly, against which few of us think of taking any precautions. These banes are in the air. When the atmosphere is surcharged with them, as it sometimes is at this season, epidemic fevers ensue. The summer which has just closed has been a most remarkable one. The amount of rain that has fallen has been enormous, and the exhalations from the soil have been, and are, dense and copious almost beyond example. These exhalations exercise a pernicious influence on the vital powers, and predispose the system to disease. Everywhere people are complaining of *unusual debility*, lassitude and depression. These symptoms are generally fore-runners of an epidemic. Combat them early—before they lapse into something worse—with HOSTETTER'S BITTERS, the most effective antidote to malaria that the vegetable kingdom has ever yielded. Its operation is three-fold—invigorating, depurative and anti-bilious. Free from any ingredient that is in the slightest degree deleterious to health, and containing the juices and extracts of the rarest medicinal herbs, it is immeasurably superior, as a *defensive preparation* to any other tonic, herbal or mineral, at present used in medical practice. A course of HOSTETTER'S BITTERS is, humanely speaking, a perfect safeguard against intermittent and remittent fevers.

BLIND EYES RESTORED.

The case to which we alluded some weeks ago, of Christiana Fisher, of Beaver county, is now entirely confirmed by the appearance of Miss Fisher herself, who to-day called on DR. KEYSER in person, to thank him for his genius and skill in restoring her TO ENTIRE AND PERFECT SIGHT. Miss Fisher had been nearly blind for four months. She was so blind that she could not distinguish any object so as to make out what it was. The case is remarkable, as hundreds of cases like hers are doomed to never-ending darkness, on the flimsy pretext that there is no cure, and nothing can be done. She was under DOCTOR KEYSER'S treatment for two months, and before she applied to him through her brother, Simon P. Fisher, slight hopes were entertained of her ever getting her sight. Her case is well known in the neighborhood where she resides, and has been regarded as one of extraordinary recovery.

We, the undersigned, know of the cure of Miss Fisher, and bear willing testimony to the facts above stated.

OFFICE OF THE AKRON IRON CO.,
Akron, July 17th, 1867.

Mr. Robt. C. Totten, Pittsburgh, Pa.—Dear Sir: We have had a pair of your patent grooved chill rolls in our use for the last six months, and find them of a superior quality. The iron finished on them is of a smooth, even surface, and free from scales, and I consider them in all respects of great advantage, making better iron and of less expense, in consequence of requiring less dressing.

Yours truly,
BENJ. GROSVENOR, Sup't.

PITTSBURGH STEEL WORKS,

Corner of Ross and First streets.
PITTSBURGH, Sept. 7 1867.

Mr. Robt. C. Totten—Dear Sir:—The grooved chilled rolls which we procured from you about a year since have proved to be a perfect success. There is a great saving in dressing over soft Rolls, and give a much better finish to the Steel. We consider them indispensable.

Yours truly,
ANDERSON, COOK & CO.

BLACK DIAMOND STEEL WORKS,
PARK BROTHER & CO.
PITTSBURGH, Sept. 18, 1867.

Mr. Robt. C. Totten, Pittsburgh—Dear Sir:—In reply to your inquiry in relation to your new patent grooved Chill Rolls, we have to say that having used a number of them, we find they answer our purpose admirably. We are now using a pair of 16-inch grooved Chill Rolls, the last pair you made for us. These Rolls are used for finishing large rounds, and enable us to obtain such a finish upon our Steel as could not be had with the use of the ordinary grooved Rolls. The saving in turning your Rolls ready for use, is fully one-fourth less than is necessary when plain Chill Rolls have to be grooved in the turning lathe, whilst the advantage gained with your grooved Chill Rolls is, that the whole surface of the groove is uniformly hard, requiring not over one-half the work that is usually needed in dressing the ordinary grooved Rolls. We believe you have gained a great point in producing a grooved Chill Roll, an article that has long been needed by the manufacturers of Steel and Iron, to enable them to produce an article with a good finished surface.

We take pleasure in recommending manufacturers of Steel and Iron to give your grooved Chill Rolls a trial.

Respectfully yours,
PARK BROTHER & CO.

We think we are warranted in believing that they will eventually take the place of Soft Rolls, especially for Rounds and Squares.

All orders promptly attended to.

For cutting with the trowel, bearing hard usage, and making a strong, true wall, there are no better brick known. The cost of making them by this machine is from 25 cents to $1.10 per 1,000, according to the rates of wages. This we guarantee. THE COURTS.

Quarter Sessions—Judge Stowe.

This Court met Thursday at ten o'clock. The following business was disposed of:

CROSS SUITS.

Rachael Blackson, (colored) and Catharine O'Brien were concerned in assault and battery cases, each prosecuting the other. The trouble or difficulty took place at the house of Mrs. Rodgers, on Webster street, where Miss O'Brien, as she stated, did "family work." The women came to blows, and the fight was transferred from the house to the sidewalk, where it was concluded. The jury found a verdict of not guilty in each case, requiring each prosecutrix to pay the costs.

ALLEGED WIFE DESERTION.

James Bronson, colored, was called to answer the charge of deserting his wife, Hester Bronson, it being alleged that he had ceased to contribute to her comfort or support since February last. It appearing that the desertion took place in Ohio, the Court therefore had no jurisdiction, and the defendant was discharged.

STEALING FROM THE RAILROAD.

Emanuel Hackings, lately employed as a night machinist, at the outer depot of the Pennsylvania Railroad Company, in the Ninth ward, was placed on trial, charged with stealing a number of brass castings, the property of the Railroad Company, and valued at twenty-five dollars. The defendant in this case seems to have been most cleverly caught in his offending. In August last he proposed to a Mrs. Givens, who keeps a cigar store in the Ninth ward, to sell her some brass, and arranged to do so. Mrs. Givens conferred with detective officers, informing them of the defendant's proposition to sell scrap brass, and the officers instructed her to purchase it from him. The defendant took the brass from the outer depot of the railroad company and sold two parcels to Mrs Givens, the defendant being watched in his movements by the detectives. Altogether a pretty clear case of guilt was made out, and the jury convicted.

Several witnesses were called to testify to the defendant's previous good character. His Honor deferred sentence, desiring to confer with other members of the Court. The amount of the larceny was not great, but the circumstances under which it was committed were rather serious.

AN OLD "CASE".

George Hoover, who has already spent several terms in the Penitentiary, was arraigned for the larceny of tools from the shop of Trimble & Co., in the Fifth Ward, Allegheny city. He put in a plea of guilty, and was sentenced to the Penitentiary for one year.

FELONIOUS ASSAULT AND BATTERY.

John Hensler was arraigned for committing a felonious assault and battery upon Wm. F. Barclay, in Duquesne borough, on the 29th of May last. Mr. Barclay, on the evening of the day stated, was on his way to his father's house, on Girty's Run; stopped at the Willow Grove Brewery, in Duquesne borough, to get a glass of ale; as he was going away he was accosted by the defendant, who asked him if he wanted to fight; as he turned round he was struck a blow which caused him to fall down; he (Barclay) then crossed the road and defendant called to him "how do you like that;" Barclay said, "I don't like it at all—you had no business to strike me." Defendant said "I'll do it again," and crossing the road to where Barclay stood, again knocked him down. [Defendant's little daughter was with him, and said to her parent, before the second attack upon Barclay, "Pap don't strike that man—he din't do anything."] Defendant then started on his way, and soon after Barclay started, both going in the same direction. Barclay was some fifty feet in the rear of defendant, and the latter turning round called to Barclay, "you s—— of b——, you'll follow me, will you?" and went towards him. Barclay drew a knife, and warned defendant four or five times to keep away, but he paid no attention, and continuing to advance, Barclay retreated, and as he did so defendant caught him by the arm and stabbed him with a knife in the back, the knife penetrating about an inch between the eleventh and twelfth ribs, near the spinal column. This was in substance the testimony of Barclay. He was in ill health at the time, and did not recover from the effects of the wound for some seven weeks. It also appears that at the time of the occurrence he was more or less intoxicated, as also was the defendant. The case was not concluded at adjournment.

Common Pleas—Judge Mellon.

THURSDAY, October 10.—In the case of Andrews & Armstrong vs. John Knoelder, reported yesterday, the jury found for the defendant.

On motion of T. M. Marshall, Esq., Joseph Forsythe was admitted to practice at the bar of this Court.

Josiah Reymer & Co. vs. R. Lamberton & Co. This was a feigned issue to determine the ownership of a quantity of oil, claimed by both parties. The jury found for the defendants.

Following is the trial list for to-day:

113. Owners steamboat Dolphin vs. Boyd.
114. Bost vs. Kramer.
115. Oberinger vs. Kramer.
116. Bost vs. Kramer.
117. Boyd vs. owners steamboat Dolphin.

A Court Officer Complained Of.

The regular proceedings of the Quarter Sessions were interrupted yesterday afternoon by a complaint of Dr. Kirker, in attendance as a witness, against Warren McIlwaine, one of the tipstaves, for rude conduct. It appears that Dr. K., with others, was seated in the jury box, and McIlwaine, hearing the cry, outside, "clear the jury box," requested him and others to vacate their seats for the jury, which was then coming into Court, and had appeared at the door. Dr. K. hesitated, perhaps not apprehending what was desired, when McIlwaine, as was alleged, seized him rudely and shoved him aside, while he was in the act of rising, or before he had entirely risen, also using rough language. Dr. K. made his statement under oath. McIlwaine was also sworn and gave his version of the occurrence. Judge Stowe then said he was not satisfied that McIlwaine had acted disrespectfully in the discharge of his duty, but the matter was held over, by request, until the statement of Dr. Alcorn, who was present at the time, could be heard.

Dr. Alcorn having made his appearance, testified that the manner of McIlwaine was rude—such was the impression made upon him at the time. He was seated alongside of Dr. Kirker, had arisen to his feet, and Dr. K. was in the act of rising, when McIlwaine seized him by the arm. Hon. B. C. Sawyer, a juror, and a lady, stated what they observed, and their impression of what had occurred, taking a different view as to the rudeness offered. Mr. Sawyer thought there was nothing in the conduct of McIlwaine to necessarily wound any one's feelings.

Judge Stowe, having heard all the evidence, said there was nothing to warrant a reprimand. If there was a seeming rudeness in McIlwaine's manner, he was satisfied it was not intentional. And thus ended what seemed to us a very trifling case of offended dignity.

Crowded as the court-room most generally is, tipstaves have their patience sorely tried in endeavoring to maintain even a moderate degree of order, and it is not to be wondered at that they sometimes so act and express themselves as to shock the nerves and excite the anger of persons attending Court, who cannot (or do not) apprehend the duties of the tipstaves. Under ordinary circumstances it is polite to preface a request with "please sir," or "please mam," but in Court, when parties occupy comfortable seats required for jurors, tipstaves dispense with that formality, and the tardiness which attendants almost universally manifest in complying with entirely proper requests made of them, render these officers somewhat callous in the matter of formal politeness, and while their speech and conduct may seem rude and ungentlemanly, it is not intentionally so, arising solely out of a disposition to promptly discharge their duties.

Alleged Attempted Outrage by an Officer.

Information was made before Justice Lipp, of Birmingham, yesterday, charging G. F. Vogle, High Constable of the borough, with assaulting Mrs. Gertrude Och, with intent to commit a rape, on the night of the first instant. The circumstances are detailed as follows: Mrs. Och keeps a lager beer hall on Washington street, in Birmingham, and on the night stated, at a late hour, requested a number of persons in the saloon to retire, as she desired to close up for the night. Mr. Vogle was among the party, and was instrumental in clearing the saloon, after which he closed the door, locking it, and remained inside. After this it is alleged that he seized hold of Mrs. Och and attempted to outrage her person. Mr. Vogle was arrested, and after a hearing was held in the sum of $500 for his appearance at Court for trial.

NOVEL WEDDING.—A wedding took place at the office of Alderman Taylor, yesterday, in which the Alderman officiated. The groom was a man about fifty years of age, and of rather diminutive proportions, as his weight would scarcely exceed one hundred pounds, while the bride was a blooming maiden of perhaps twenty-five summers, and would not weigh a pound less than three hundred. Every man to his tastes."

CITY AND SUBURBAN.

Allegheny Councils.

A regular semi-monthly meeting of the Allegheny City Councils was held Thursday evening, Oct. 10th.

SELECT BRANCH.

Members present: Messrs. Brown, Danver, Drum, Gang, Hall, Irwin, Motherel, Myler, McCormick, Pace, Patterson, A., Smith, A. D., Thomas, and President McBrier.

The minutes of the previous meeting were read and approved.

Mr. Drum presented a petition from the citizens on Balaam street asking, for the laying of water pipe on said street. Referred to Water Committee.

Also, a petition from citizens on Ridge street, asking for the laying of water pipes on said street. Referred to Water Committee.

Also, a petition from a number of citizens asking for the opening of Craig street. Referred to the Committee on Streets in connection with City Solicitor.

Mr. Wylie offered a petition from the Keystone Skating Park Association, asking permission to erect a frame building in Robinson street, accompanied by a resolution granting the privilege asked in the petition. Petition received and resolution adopted.

The credentials of Casper Gang, member elect from the Third ward, vice C. C. Smith resigned, were read and that gentleman being present, the oath of office was administered by Mayor Morrison, and Mr. G. took his seat.

Mr. Gang presented a petition from the citizens of the Third Ward, asking that a fire plug be placed midway between North Avenue and the old city line. Referred to the Water Committee.

Mr. Brown presented the report of the Committee on Water, which was accompanied by a resolution authorizing the laying of water pipe on various streets. Report received and resolution adopted.

Mr. A. D. Smith presented the report of the Committee on Finance, which set forth the fact that the Wharf improvement bonds could not be disposed of at a reasonable price, and recommended a temporary loan. The report was accompanied by a resolution authorizing the Committee to negotiate a loan to the amount of $10,500 to pay the balance of contracts for improving the Wharf. Report accepted and resolution adopted.

Mr. Myler presented the report of the Street Committee, recommending the placing of flag stone crossings at various places in the Third ward, and authorizing the payment of $533 out of the wharf improvement fund to the contractors who graded Franklin street, for placing the dirt removed from said street to the wharf, accompanied by resolutions authorizing the same. The report was received.

The resolutions were taken up *seriatim*, and a vote being taken they were both lost.

Mr. A. D. Smith presented the report of the City Controller, of which the following is a recapitulation:

No. 3. Engines and Firemen..	$ 219 98
" 4. Printing	84 12
" 5. Streets and Bridges	2,407 00
" 8. Contingent Fund	572 64
" 11. Water Works	17,540 96
" 16. Wharf Improvement..	902 85
Total	$21,727 55
Paid Police Salaries for Sept...	$ 1,552 75
" Firemen	750 00
" City Officers, on account..	1,345 82
" Supt. of Sewer salary	125 00
" Mrs. Greniger's weekly allowances	20 00
Total	$ 25,521 12
Previously reported	168,773 10
Total to October 1st	$194,294 22

The report sets forth that appropriation No. 4 and No. 6 have been exhausted, and that there is but $316.79 remaining to the credit of No. 8. The Controller asked authority to transfer from the contingent fund the sum of $3,880,00 and place to the credit of No. 8 $3,338,21; and $541,79 to No. 4. Report accepted and the recommendations to transfer adopted.

Mr. Wylie read a communication from the Recording Regulator, setting forth that two of the parties who have been appointed to assess benefits for the Canal sewer were unable to act, and asking for the appointment of John E. Park and A. M. Marshal in their stead. Communication received and appointments made.

Mr. Thomas offered a resolution asking that the name of Lincoln street be changed to Frazier. Adopted.

Mr. Myler read an ordinance to prohibit persons from interfering with the fire alarm telegraph, and making it punishable by a fine of not less than five nor more than one hundred dollars. Read three times and passed.

Mr. McCormick called up a resolution which had been laid over at a previous meeting, authorizing Councils to memorialize the Legislature to repeal the act consolidating that portion of Reserve township with the City of Allegheny, which now comprise the Seventh ward, and allow the citizens of that district the privilege of voting on the subject.

The gentleman made a few remarks, and moved the adoption of the resolution.

Mr. Patterson said that the Allegheny Councils had not brought them into the City, and that the proper place for them to operate would be in the Legislature.

Mr. Brown agreed with the gentleman who had just spoken.

Mr. Danver said that he knew they were now a part of the city against their will, and they only asked an opportunity to have a vote on the matter.

Mr. J. C. Patterson said that from the recent vote in that district on the question of consolidation there was a decided majority in favor of it. That the affair was a family quarrel between the citizens of that district, and he was not in favor of interfering with it.

After some further debate, a vote was taken when the resolution was lost by a vote of 10 to 4.

Council adjourned.

COMMON COUNCIL.

Members present—Messrs. Cutler, Dunham, Drennan, Dill, Hanna, Horn, Harper, Ingham, Kirkpatrick, Megraw, McNeil, Reed, Smith, Voegtley, Windsor, and President.

The minutes of the preceding meeting were read and approved.

Mr. Windsor presented a petition from property holders on Taggart street, in the Second ward, praying for the establishment of the grade of said street. Read and referred to the Committee on Streets.

The President read the credentials of Mr. Louis Moul, who had been elected a member of Common Council from the Fourth ward, to fill the unexpired term of E. F. A. Faulhaber, resigned. The credentials were accepted, when the oath of office was administered to the member elect, and he took his seat.

The chairman presented a communication from the members of the Board of Control of the Public Schools of the city, thanking Councils for the use of their chamber for holding the meetings of the Board. The communication was received and filed.

The President also read a communication, signed by Messrs. M. McGonnigle, David Dehaven, C. Moore, H. M. Dunlap, S. W. McGinnis, James Ray, James B. Herron, J. H. Jenks and others, inlot holders, remonstrating against the proposed improvement of the Common Grounds, "as it would divest all the inlot owners of their right of Common, and under the color of law improve the same as a Park, and by inclosing the Grounds, divert the Common entirely from the original use and intention of the Legislature; when the right of Common was granted it was to be a "range for cattle." The remonstrance further states that its signers claim their right of Common, and deny that the Legislature has any right to annul a solemn contract and divest the consent, as the right was granted by the State for the express purpose of enhancing the value of the property offered for sale. The communication was accepted and ordered to be filed.

Mr. Smith offered a resolution instructing the Controller to certify a warrant on the Treasurer for twenty dollars, in payment for the expenses incurred in holding the special election in the Third ward, to fill the vacancy in the Select Council, occasioned by the resignation of Mr. Conrad C. Smith. The resolution was read three times and adopted.

Mr. Dunham moved that the Committee on Engines be instructed to place the necessary repairs on the Friendship Engine House, at a cost not to exceed two hundred and fifty dollars. Referred to Committee on Engines.

Mr. Hanna presented an ordinance granting the Pittsburgh, Allegheny and Manchester Passenger Railway Company the privilege to construct and run their railway along Ohio Avenue, from Bidwell street to Allegeny Avenue, and along Allegheny Avenue to Western Avenue. Read and referred to Committee on Railroads and Surveys.

Mr. Cutlor offered a resolution instructing the night police not to extinguish the street lamps until daylight, which was read three times and adopted.

Mr. Ingham also offered a resolution instructing the Committee on Police to take measures to keep the public lamp in the tunnel under the railroad track, in the First ward, lit every night. The resolution was read three times and adopted.

Mr. Voegtly presented a resolution instructing the managers of the Western Pennsylvania Railroad Company to place a flag man at the intersection of said road with Sycamore streets, in the Fourth ward. Read three times and adopted.

Mr. Smith presented a resolution providing for the laying of a water pipe on First street, from the present terminus of the water pipe on said street to Cedar avenue. Adopted.

Mr. Dill presented a resoultion instructing the Commissioners of Common Ground Improvement to postpone all further expenditure of money until the inlot holders are divested of all title to said Common Grounds.

Mr. Smith said that the Commissioners had been appointed by the Legislature, and were not within the jurisdiction of Councils. The only way in which they could be reached was by having an injunction placed upon them.

The vote was then taken on the resolution, when it was lost, after which Council adjourned.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, October 10, 1867.

Gold is weak to-day, opening at 143½, advanced to 143¾, but transactions are quite small. The heavy decline yesterday was caused less by the elections reports, than the few large sales by influential operators. The probable reverse of the election in Pennsylvania may cause another decline, since it is too expensive to carry gold until the next session of Congress commences. Government bonds were better in the morning, but declined in the afternoon and closed dull. Seven Thirties have declined ⅜ per cent. on account of lots of one thousand dollar counterfeits being in circulation.

The stock market is lower but firm on all the leading shares. Railroad bonds and miscellaneous shares have materially declined.

Closing New York quotations received by Ph. R. Mertz, were as follows:

Gold, 143¾; 1881's, 111¼; 5-20s, 1862, 111⅞; 1864, 108⅛; 1865, 108⅞; Consols, 106⅞; 10-40s, 100⅝; 7-30s, 105¼.

—The Secretary of the Treasury has addressed the subjoined important letter to a gentleman in New York relative to the payment of Five Twenties in United States notes at the five year option allowed the government by the terms of the bonds themselves. The letter of Mr. McCulloch is calculated to quiet the apprehensions of foreign holders. If it is a settled conviction that the bonds are to be paid at the full maturity of twenty years from date, the matter is settled, for there is no reasonable doubt but that even with a moderate degree of prosperity the paper currency will be on a par with gold long before the time for payment of the bonds, the first issue thereof having yet fourteen years to run. Therefore, it is insisted, the present discussion as to whether the bonds are payable in gold or not leads to no practical good. The following is the letter of Mr. McCulloch on the subject:

TREASURY DEPARTMENT, October, 7, 1867.

"DEAR SIR: Your favor of the 4th instant is received. Too much importance is attached to the utterance to which you refer. The people of the United States are all sound upon the question of the preservation of the national faith as they were upon the question of the preservation of the Union. I consider the faith of the government pledged to pay the Five Twenty bonds when they are paid in coin.

"There need be, I think, no apprehension that they will be called in at the expiration of five (5) years from their respective dates and paid in United States notes.

"The United States notes were issued under the pressure of a great necessity, and are by authority of Congress, being rapidly withdrawn from circulation. No more can be issued under existing laws, nor can I believe that any considerable number of the members of Congress would favor an additional issue for any purpose whatever, much less for the purpose of paying bonds in violation of the express understanding under which they were negotiated.

"The policy of contracting the circulation of United States notes adopted by Congress and being steadily pursued by the Secretary, should of itself, even if the honor of the nation were not involved in the question, satisfy holders that Five Twenty bonds will not be called in and paid before maturity in a depreciated currency. Very truly yours,

H. McCULLOCH, Secretary.

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, October 10, 1867.

CATTLE.

The Cattle market has been dull during the past week, and while the arrivals were comparatively light, in consequence of a great many western dealers remaining at home to vote, the demand also was limited, and common cattle, compared with last week, are a shade lower. Prime fat retailing cattle, as has been the case for some time past, are coming in very slowly, but, even for the very best grades, prices are barely maintained, and we continue to quote at 7 to 7¼, gross, and these may be regarded as the extremes of the market; extra cattle, of which there were none in market, may be quoted at 8 to 8¼. Stock cattle were unusually dull this week, and, if anything, a shade lower, and we now quote at 4 to 5¼, according to quality and condition. The sales, in the aggregate, were much lighter this week than for several weeks previous, which may be attributed to the fact that quite a number of operators staid at home to exercise the right of suffrage.

HOGS.

The market has been quite active during the past week, and while the sales have been unusually large, prices, especially for nice smooth fat Hogs, are well maintained. PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, October 10, 1867.

CRUDE—The market was again quiet but firm to-day, and while there was next to nothing done, prices, especially for spot oil, are well maintained—sale of 200 bbls at 14c. As the prospects of a bulk rise are not very bright, and the stock of spot oil is being rapidly reduced reduced, holders are very firm at 14c; forward deliveries, however, especially with a seller's option, are very dull, and the same is true in regard to first water—that same 2000 bbls was offered again to-day at 12c, 10½c was the only bid. A telegram from Oil City reported market dull to-day; sales yesterday at $4,10. At Petroleum Centre, buyers were offering $3,85 and holders asking $4.

REFINED—There was but little done today, the sales in the aggregate being very light, but the market, nevertheless, is firm, and prices are pretty well sustained. Sale of 1000 bbls for all October, buyer's option, at 38c; 1000 do at 36½c; and it was rumored that there was a sale of a "line" for the last three months at 36c. There is but little oil offering, and indeed, there is little or none in the hands of refiners to offer, as they are nearly all sold up, and many of them have all the contracts they can possibly fill for the balance of the year.

The Titusville *Herald*, of Wednesday, says. The shipments over the Oil Creek Railroad from Titusville, Miller, Shaffer, Pioneer and Boyd Farm, and over the Farmers' Railroad from Petroleum Centre, since January 1st, were as follows:

To New York, bbls	210,305
To Cleveland, bbl	190,613

The bidding opened very tame, but improved about 15 per cent., and toward the close there was another large sale of Woolens. The production of Washington Mills attracted a large attendance, but prices went rather low for most goods, at private sales, and there was not much activity. RIVER NEWS.

The river rose several inches at this point yesterday, and the weather continues cloudy and unsettled, with occasional showers of rain. While these showers will be of great value to the fall crops, they will not have any influence on the river.

We had a call yesterday from Mr. R. B. Stephenson, river editor of the Cincinnati *Gazette*. We regard the *Gazette* as being one of the best river papers on our exchange list.

ST. LOUIS, October 8.—The Underwriters has to the Ben Johnson, sunk in nine feet water at Sonora, Upper Missouri. Rates to New Orleans, Vicksburg and Natchez this week are $1 per bbl for flour, and other articles in proportion. The Cornelia has withdrawn from the Memphis trade, having broken a shaft while coming up the river. The May Flower enters the Memphis trade independently. The Octavia, coming from Keokuk, encountered a snag and broke several of her timbers. When repaired she will probably go South.

LOUISVILLE, October 8.—The Ida Reese and Tempest remain aground near Shawneetown. The Bermuda is on the bar with no water near her. The Spray arrived out of time, but sailed this evening for Cincinnati. The Mary Erwin has left the Evansville trade, and is on the way to Cincinnati. The Charleston got off French Island. The Success leave for Cairo to-morrow. There is five feet of water to Portland. Business is more lively. Flour and wheat are daily advancing.

VICKSBURG.—The *Herald*, of the 3d, says: The mate of the Silver Cloud, which boat passed up yesterday, died of yellow fever, and was buried at Natchez, as she passed up.

NEW ORLEANS.—The *Times*, of the 4th, says: On account of severe indisposition from the prevailing epedemic in Captain Charles Hayes family, the Warren Belle, has, for the present, withdrawn from the Red River trade. There was but one departure yesterday, the Mary E. Forsyth, for St. Louis.

MOUND CITY.—The *Journal*, of Saturday, says: Work at the Ways is being pushed forward vigorously. The Lee is nearly ready for business, and will put out within a few days. A large force of caulkers and painters are at work on the Great Republic. The former are caulking the main deck of the great steamer. The painting is being done under the direction of Will Jones. The Republic will be in readiness to leave for the lower river by the 15th inst., and she will then present a much better appearance than when she first started out from Pittsburgh. The little Quickstep lies upon the ways in complete condition, awaiting the completion of the new cradles to be launched. The repairs of the Ways will be finished in two weeks. E. M. Hiner is pilot of the United States Survey Steamer Northwest, and is now endeavoring to take his boat up the Upper Arkansas. On the 24th ult. the boat was at Little Rock. She had spent considerable time in improving the channel of the White River cut-off. Ed. has but little hopes of getting much further up the Arkansas until the river rises. He reports business at Little Rock very dull.

MEMPHIS, October 8.—Weather clear and business fair and active. The rivers are all falling. There is 4½ feet in the channel to Cairo, 2 feet to Little Rock, and 3½ feet to Augusta. Passed up—Cora S., Silver Cloud, M. S. Mepham, Belle Memphis, Mobile City. Passed down—Nightingale, Henry Adkins and Mary McDonald. The Patrick, bound from Memphis to Vicksburg, picked up a snag this trip which badly damaged her cabin, and caused her to lose both chimneys overboard. Nobody hurt.

EVANSVILLE.—The *Journal*, of Monday, pads the following tribute to the late Captain P. G. O'Reilly:

A deep gloom shrouded the hearts of our citizens on Saturday, by the announcement that Captain P. G. O'Reilly was dead. For many years he had been proprietor of a wharfboat and engaged in the commission business, and was a universal favorite with merchants, shippers and steamboatmen. Warm-hearted and generous to a fault, he made many friends and scarcely an enemy. His heart was always in his hand, and the poor and needy never appealed to him in vain. Captain O'Reilly, with John Ross and John Mitchell, built the second Sultana which proved a rather unfortunate speculation. During the late rebellion Capt. O'Reilly stood always true to the flag of his adopted country, and made large sacrifices for the cause of the Union. About three years ago he commenced business as a commission merchant in New Orleans, and by energy, industry and integrity, was rapidly building up an extensive and lucrative trade, which had enabled him to place his property in an unencumbered condition.

The Cincinnati *Commercial*, of Wednesday, says: Captain Snowden, principal owner of the Success, returned to Brownsville last night. The punctual packet Tahlequah, returns to Evansville this morning at 10 o'clock. She can accommodate a few more passengers and a little freight. The Right way, Capt. Scoville, will positively depart for Evansville and Cairo on Saturday. She is a new and neat steamer, built expressly for the New Orleans and Red River trade.

The Louisville *Courier*, of Tuesday, says:

THE ELLA FABER RAISED—ON HER WAY TO PORT.—Last evening Capt. R. H. Woolfolk, Superintendent of the line, received a dispatch from Hawesville, announcing the fact that the Ella Faber was up, and had passed that point at 5 o'clock, on her way to this port. We received a similar dispatch from J. L. Shallcross, agent for the Board of Underwriters.

The Ella Faber was on her way to Owensboro at the time of the accident. She was in mid channel, and ran foul of a floating, or rather heavy water-soaker, saw-low, or "sawyer," and broke 74 timbers. J. L. Shallcross, of the underwriters, and Sam. King, of Cannelton, were at work on her, and have readily raised and saved the boat. No damage to cargo.

Capt. J. W. Tobin, of the New Orleans and Ouachita trade, is again in the city looking after the interests of his new clipper packet for that trade. The immense cylinders are cast and nearly ready, and yesterday the ponderous water wheel shafts and the cranks, all made of wrought iron, were received from Buffalo, New York.

We clip the following from the *Democrat*, of same date:

THE NEW BILL OF LADING.—The Captains' Association met at the Board of Trade rooms yesterday morning. Among other things they did was to "talk out" the new style bill of lading, such as is used in St. Louis, of which the following is a copy:

Received, St. Louis——1867, from——, in apparent good order, on board the good steamboat——, the following articles, marked as below, which are to be delivered, without delay, in like order (the dangers of navigation, fire, explosion and collision excepted.) to——at——, on levee or wharfboat, he or they paying freight, etc., etc.

The Vicksburg *Times*, of the 2nd, says: There is considerable anxiety manifested by those parties living and owning property on our river front. The whole space extending from the lower side of the Washington Hotel to a point below the Prentiss House seems determined to bid Vicksburg adieu, and move into the river. Capt. Kraus's house is being vacated and the owners of several others, anticipating a general bust up, are pulling their houses down.

"Uncle" Joe Harrison, a veteran steamboatman, died at Foster's Crossing, Ohio, a few days ago.

MEDICAL.

CONSUMPTION!

It would take a man a lifetime to read the treatises that have been written upon this important subject, and if a sick man were to attempt it he would make himself worse by the reading, and die before he got half through. The symptoms of the disease are, hacking cough, expectoration of matter or pus, pain in one or both lungs, chilliness, burning in the palms of the hands and soles of the feet, exhausting day or night sweats, hectic fever, wasting of flesh or marasmus, sometimes expectoration of blood. These are the usual outward symptoms, apparent not only to the observing physician, but to the patient's friends. There are, however, more important symptoms than these, which are only made manifest by auscultation and percussion, terms which mean, in a medical sense, thumping and listening and they are employed outwardly in order to ascertain what is going on inside of the cavity of the chest. The signs of symptoms elicited in this way are almost surely demonstrate the true and exact condition of the respiratory organs. A perfect auscultator can not fail in ascertaining whether the Lungs are acting naturally or not. Hence it is the best method of examining the lungs. Their actual condition once discovered, the appropriate treatment is more rapidly arrived at, and every diseased part more completely under the influence of appropriate remedies. We have long been of the opinion that consumption or decay, or wasting of the bodily strength, was dependent on a depraved state of the blood, which carries, in its course, tuberculous matter, and deposits it in the lungs, or elsewhere in the body, just as calculi or stone is deposited in the bladder, a small particle of which attracts other particles, until it becomes of such offense to the natural functions as to bring on inflammatory action, which action, if it could, would carry it out of the system, and which could have been easily done in the beginning of such disease. DR. KEYSER'S PECTORAL SYRUP is a complete and perfect cure in the forming stage of lung disease. It acts on the very principle we have stated above, by enabling the securing or carrying off organs to do a double share of work Waste and repair are easily comprehended if the worn out material be carried off, and renewing material [illegible] a proper character, the [illegible] must be health and ease, the contrary of sickness and disease. In many cases of consumption which have become settled, Dr. Keyser's Pectoral Syrup fails to cure, although it will do good in nearly all. He prepares a medicine called LUNG CURE or PULMONARY RESTORATIVE, which is a great tonic, and strengthens and restores the parts to be renewed, while it dissolves and carries out from the body those particles of worn out or extraneous matter, which only tend to clog or destroy it, by hindering the renewing material being deposited in proper place.

PULMONARY CONSUMPTION, RESULTING FROM PLEURISY, CURED.

Statement of George Ford, carpenter, of No. 16 Sampson street, Allegheny City:

I took a violent attack of pleurisy, in May, 1866, which left me with a cough lasting all summer, wearing away my strength and gradually undermining my health. During this attack pleurisy I had several physicians of the highest reputation in the city. After I had partially recovered from the pleurisy, I was advised to go into the country, which I did, and when there a called in a doctor, who told me my left lung was affected, and that if something were not done soon I would die of CONSUMPTION. I lingered on from this time until about the middle of June, my cough and lung disease gradually growing worse, and I weaker every day, and almost despairing of ever getting well. In this state of despondency, and knowing the general belief of the incurability of Consumption, and having heard of cures made by DR. KEYSER and seeing his advertisement in the newspapers, I was induced in October last to call on the Doctor at his office, 120 Penn street, and had him examine my lungs with his "LUNG SOUND." He told me the upper obe of my left lung was very much diseased. Yet he thought with great care and the perseverance in the use of his medicine, I would get well. At the time I called on Dr. Keyser my pulse was over one hundred and thirty beats in a minute, and I was generally prostrated, and had to cough night and day. I commenced the Doctor's treatment in October, with a feeble, broken constitution, and continued it faithfully until the present time. The Doctor's medicines helped me from the very start, and I could gradually feel myself getting stronger, and my cough and expectoration lessening. I have gained greatly in flesh, and consider my self well; all the rattling of my lung has ceased, and my general health is in every way good. All my relatives and friends know of the advanced stage of my disease and my extraordinary recovery. One of the medicines given me by Dr. Keyser was a medicine called LUNG CURE, which I took in connection with the other treatment.

GEORGE FORD

PITTSBURGH, March 30, 1867.

ANOTHER CURE OF CONSUMPTION.

STATEMENT OF JOHN G. WIGHAM, OF TURTLE CREEK, ALLEGHENY COUNTY.

I was discharged from the United States army January, 1866, on account of a wound in the end, from a shell, and a disease which the army physicians pronounced CONSUMPTION. I had a terrible cough and fell away in strength and flesh and was unable to do anything. Shortly after my return from the army, I made application to a physician of my neighborhood and, afterwards, to another in Pittsburgh of high reputation, whose remedies I used faithfully for five months, without any benefit whatever, but rather grew worse, and wasted in flesh and strength every day. In August, 1866, my mother took me to DOCTOR KEYSER, of 120 Penn street, whose skill in such cases like mine had been highly spoken of and put myself under his treatment, the Doctor examined my lungs very carefully with his LUNG SOUND, and told me that my left lung was badly diseased at the upper part, but if I was careful he thought he could cure me by following his directions closely, which I did from that day to this. I gradually improved under Dr. Keyser's medicines from the first week I commenced to take them, and my general health has improved, and my chest, where it was sunken away, and where it pained me, has become full and strong and free from pain. I can now do a full day's work, and take great pleasure in giving my testimony in favor of Dr. Keyser's treatment and medicines.

JOHN G. WIGHAM,
Turtle Creek.

PITTSBURGH, April 11th, 1867.

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP:

DR. KEYSER:—My wife has been afflicted with a cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine my self for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward.

Our son, JAMES PAINTER, some three years of age was afflicted with consumption of the lungs, for which he was discharged from the army. He was examined by four army physicians, who all agreed that he must die with the disease. We brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs, commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.
